Fund Raising

Fund Raising Overview

As a voluntary welfare organisation, the fund-raising arm of Man Fut Tong Nursing Home works tirelessly to raise funds to sustain our daily operations as well as to provide additional financial assistance, on top of government subsidies, to help the marginalised elderly who require our services.

We provide 24 hours holistic Residential Care programme, with a 232-bed capacity. To provide short term relief for caregivers, we have a Respite Care programme. Senior Care Centre Services and Day Care Services provide a structured programme aimed at maintaining and improving the quality of life of the elderly through exercise and social interactions.

Our Resident Welfare Fund is a special fund set up to provide financial aid to residents for services which are beneficial in improving their overall quality of life, promoting their health and physical and mental well-being.

These services include:

- Traditional Chinese Medicine services offered by prevailing vendors.
- Purchasing of medical assisted devices as prescribed by doctors.
- Purchasing of custom-made dentures.
- Payment of charges for last rites for marginalised families.

We aspire to carry on the legacy of our Late Founder, Venerable Ho Yuen Hoe, and we need your support and contribution to do so. Every donation makes a difference to our residents. For more information on our fund-raising efforts, please call Mr Raymond Song on direct line 3157 1158.

Your donation goes a long way in helping our residents.

Do visit here to donate to Man Fut Tong Nursing Home.

About Us

Man Fut Tong Nursing Home was founded by the late Venerable Ho Yuen Hoe
and officially opened on 13 Jan 2002.

Our Vision

To be a model nursing home and continuing care service provider of excellence in the new generation of step down facilities.

Our Mission

To provide a high standard of medical, nursing, rehabilitative, psychological, social and recreational services for easy integration of the individual into the community.
