Donate In-Kind

Every month, needy families approach us for food and other items to help them tide over difficult times.

These families may have lost their low-paying jobs, have little savings, are in poor health and need to pay recurring medical bills for chronic conditions. Some are unable to provide proper meals for their children, dependent siblings or parents due to financial challenges.

You can help these families by providing the following food items:

- Halal-certified canned food that contain protein, such as tuna, sardine, mutton, chicken curry
- Dry food, such as biscuits, noodles and small packets of rice (not more than 5kg per packet)
- Packet beverages like milo and coffee
- Detergent, washing powder, soap, shampoo or NTUC vouchers

We are unable to accept items that:

- Have been opened or used, or expire in less than 6 months

Before you buy or deliver these items, please allow us to first confirm what items, and quantity, are needed.

Please email Evelyn Chua from Department of Social Work at evelyn.chua@touch.org.sg or Tel: 6377 0122.

Strong **Families.** Caring Generations. Enabled Communities.

TOUCH Heartbeat

Mission

To inspire hope
and impact lives
because people matter

Vision 2030

Strong Families
Caring Generations
Enabled Communities

TOUCH Community Services is a not-for-profit charity organisation in Singapore. We were officially registered in 1992 and have been a member of the National Council of Social Service since 1994.

Who We Are

We are TOUCH.

We are here to create a progressive community where everyone is valued and empowered.

Over the years, we have reached out to individuals from all backgrounds, including children, youth, families, persons with special needs and the elderly.

How We Started

The work of TOUCH started in 1986 as a service for latch-key children in the neighbourhoods of Clementi and Jurong.

Touched by the obvious need of low-income and single-parent families with difficulties making ends meet, much less raising their children in a positive environment, a group of seven volunteers in their 20s organised activities to help the children.

This small attempt has today become a multi-service organisation with an integrated network of services located at different parts of Singapore, including Bukit Merah, Clementi, Geylang Bahru, Hougang, Serangoon, Toa Payoh, Ubi and Yishun.

We Are Part of a Global Blueprint

The United Nations' Sustainable Development Goals (SDGs) are at the core of a shared global blueprint for peace and prosperity.

As stakeholders of the global community, TOUCH supports the SDGs of "Good Health and Well-being" through the Community Enablement Project, "Quality Education" through TOUCH Young Arrows, and "Reduced Inequality" through TOUCH Centre for Independent Living and TOUCH Family Support among others, in our work with vulnerable groups in our local community.

At TOUCH, we do our best to ensure that those under our care are not left behind.
