Supporting our Beneficiaries with Basic Rations

Launched in 2010, the Sustenance for Families programme aims to ease some of the financial burdens faced by low-income families who are struggling to make ends meet by providing dry rations.

Families under the standard weekend distribution programme will receive basic and daily necessities such as rice, cooking oil and canned food every month.

For the weekday distribution programme, families will receive customised dry ration packages which are packed according to their needs.

The YWCA partners with external agencies such as Family Service Centres and other welfare organisations to identify these needy families.

By Love Serve One Another

The Young Women's Christian Association (YWCA) of Singapore is the oldest women's organisation in Singapore. Founded in 1875, the YWCA has always been committed to meeting the needs of our society through her active involvement in community services and its many programmes and activities.

Our Vision

The YWCA is a united movement of women based on Christian faith and love with the purpose of bringing women into a community fellowship through which they may grow as Christians by faith, word and deed.

Our Mission

The mission of the Association is to serve the Community regardless of race, belief or religion, with love and compassion and provide quality programmes, facilities and services to:

Advance the development of women and girls in body, mind and spirit.

Benefit the Community. The Association may work with other organisations and agencies to fulfil her mission.
